

AI-Based Mock Interview Preparation System

Overall Score
74.8/100

Project ID: GIMS-BSSE-F202206 • PMAS-Arid Agriculture University Rawalpindi

Hire / Qualified

Candidate: Hamza Ali (Demo Candidate)	Job Role: AI/ML Engineer
Email: candidate@gims.edu.pk	Category: Behavioral • Difficulty: Beginner
Session ID: cf5efe63-b257-46...	Date Generated: September 30, 2026

Performance Dimension Breakdown

Dimension	Weight	Score	Rating	Benchmark Status
Content Depth & Technical Accuracy	35%	75.0%	Strong	Meets Industry Standard
Communication & Grammar	20%	75.0%	Proficient	Clear & Articulate
Voice Dynamics & Pacing	15%	83.5%	Optimal	120-150 WPM Range
Eye Contact & Camera Engagement	15%	78.5%	Good	Active Gaze Engagement
Confidence & Demeanor	15%	62.0%	High	Low Stress Indicators

Key Observations & Feedback

Strengths Identified - Maintained consistent and engaging direct eye contact with the camera. - Clear vocal projection, stable volume, and natural speaking cadence. - Professional sitting posture and composed physical composure throughout. - Grammatically precise expression with rich technical vocabulary.	Areas for Development Answers were occasionally brief or omitted key architectural/domain terminology.
